

# Pray for Every Orphan

☞ Daily Prayer List ☜

## Sunday: Natalia

Natalia was abandoned at birth due to a severe skin disease and spent her first 15 months in a hospital. Her life changed dramatically when a loving couple, Andrei and Ani, saw

beyond her skin condition and opened their hearts and home to her. Praise God that Natalia is now in a forever family!

## Monday: Othniel

Othniel, born without eyes and a severe case of cerebral palsy, was put in an orphanage in India shortly after he was born.

He barely survived and missed many developmental milestones. A local couple walked into Othniel's life and decided in faith to adopt him! Othniel is blossoming through their love. Thank God with us that Othniel now can reach his full potential as the child of God he was created to be.

## Tuesday: Ruth

Ruth was given up by her parents and has no one to care for her. She is one of many children benefiting from a Christian foster care system in Southeast

Asia. Ruth is living with her foster parents, three sisters and a brother. She is in kindergarten and loves school! But we continue to pray that Ruth finds her forever home.

### Wednesday: Simon

Six-year-old Simon lost his parents in an accident and lived on the streets. His grandfather cared for him for a short time before he also died. By the time Simon arrived at a children's home in rural India he was very scared, acted out, struggled with everyday tasks, and isolated himself from his peers. Slowly he has begun to blossom. Will you pray with us that Simon will find his forever family soon?

### Thursday: Genia

Genia is healing from her painful past. She is excelling in school, especially math, and has a great gift for learning other languages. She dreams of becoming an English teacher and interpreter! Genia is one of several orphans at a prospective foster and adoptive parenting school. Please pray that this school will be instrumental in finding her a forever family!

### Friday: Israel

When he was a baby, Israel was discovered by a dog in the trash. He was hospitalized for a month and placed in a local Christian orphanage. He is still living at that orphanage in Kenya, growing into a strong young boy. But he desperately needs permanency and the stability of a forever family. Will you pray that Israel will find his forever family soon?

### Saturday: Dasha

Dasha, born with Fetal Alcohol Syndrome, suffered from major health issues affecting her heart and eyes. Lena, a tutor and pastor in a nearby community, had already adopted four special needs children when she heard Dasha's story, met her and fell in love with her. We thank God that Lena adopted Dasha!
